No boiling necessary

Instant Postum saves money, time and trouble. It tastes like those delicious, mild Javas that one used to buy when Java coffee really came from Java, and it costs less.

A 100-cup tin of Instant Postum costs 50c at grocers-12c per cup. Regular Postum, Lge. Pkg. (must be boiled 15 min.) 25c

Buy a tin-serve it to the family-

Coffee averages about double that cost
